EXPERIENCE

University of California San Francisco

Neuroscope Center Manager | Dec 2015 - present

- Managed research and administrative operations for a large center in the department of neurology with 6 Principal Investigators and over 10 active digital medicine interventions and basic science studies.
- Developed strategies to optimize systems including hiring and onboarding, volunteer and summer internship programs, central resource management, purchasing, and financial planning.
- Managed research protocols, interfaced with the UCSF IRB, and guided study staff on policy and best practices.
- Organized and led a multi-day center-wide staff retreat.

Received a peer-nominated SPOT Award recognizing significant contribution to the research center during the COVID-19 pandemic.

San Francisco State University

Lab Manager | Aug 2015 - Feb 2016

- Spearheaded the set-up of a new laboratory and managed shared resources, lab documentation, and facilities.
- Coordinated data collection and analysis for a research study including standard cognitive tests, saliva samples, and physiological data.

San Francisco State University

Graduate Student Researcher | Aug 2013 - Aug 2015

- Designed and executed social cognitive research studies using electrophysiological methodologies in preparation for a master's thesis.
- Trained a team of undergraduate research assistants on data collection and analysis of behavioral, electrophysiological, and survey data.
